## What do they offer?

- broad course choice to BA / MA niveau
- courses to acquire „additional know-how“
- learning at home with support from a tutor
- to get a certificate in accounting, business studies, information technologies
- to get a qualification in a distinct field – short programs
- (range from basics in management to learn java)
- It's perfect for people with jobs, children, disabilities, or commitments that make it hard to go to a fixed place. And for most courses you don't need any previous qualifications.
